

# THE RUM LIST

Paladar de Cuba

2023

- Rum was and is the drink of the sea farers, from members of her majesty's navy to smugglers and pirates. Rum was the drink of choice. Right up until as late as the 1970's members of the Navy were issued a tot of rum in the morning. This practice ended with the last tot given out to the sorrow of many a sailor, in July of 1970
